Dear Sir or Madam:

This is a FCC Part 15 and Industry Canada RSS-210 original equipment application for the Invotronics 315 Keyfob that operates at 315 MHz. This equipment provides remote keyless entry for automobiles.

A Request for Confidentiality letter is included in this application.

The FCCID of this equipment is VC5-INVO-315-003.

The Industry Canada certification number of this equipment is 4180I-INVO315.

Please call me or write if you have any questions or comments.

Regards,

Denis Lalonde
